

U.S.SAWS™

BEVELERS FOR STIHL

PN: US24051

PN: US24061

PN: US24041

The U.S.SAWS Bevelers are designed to bevel PVC and other plastic pipes to help reduce torn gaskets at joints. The Beveler is for underground pipe contractors, municipal water departments and wholesale pipe sellers. The Beveler mounts to your existing STIHL saw with no special tools and can be easily removed when not in use.

This device is safer than traditional beveling methods and does a better job. The Beveler is made of alloy aluminium and features a replaceable D2 High-Chromium cutting head.

U.S.SAWS Bevelers are available in 3, 8 and 16 Flute.

Features:

- Easy to install and easy to use, it is merely the easiest way to bevel plastic pipe
- An inexpensive solution to bevelling plastic pipe – in or out of the trench
- Fits STIHL Saws
- The Beveller can be attached or removed without disturbing the blade

BEVELLER ASSEMBLIES

| Saw Size | Large Diameter Pipe 16" and greater 3-Flute | MOST POPULAR 6" to 16" 8-Flute | SDR & PVC Pipe 6" - 16" 16-Flute |
