

U.S.SAWS TC-7 Stand-up Edger Polishing Package

The TC-7 Stand-Up Polishing Package is designed for floor grinding and polishing concrete surfaces near walls and other vertical surfaces. This grinder can be used indoors or outdoors in small or large spaces. This edge grinder utilizes 7" diamond cup wheel to level, smooth, or clean the edges of the concrete slab. The U.S.SAWS TC-7 floor grinder features the U.S.SAWS Generation 2 concrete dust shroud system for a clean, dust-free work environment.

Package includes: variable speed control box, #120 Bi-Turbo, Steel Backing Pad, #50-#3000 Honeycomb resin pads and E&F Nuts.
