

U.S.SAWS™

U.S.SAWS DuraVac 221B Industrial Dust Collection

The Dura Vac Dust Collection System comes standard with 2 HEPA filter, a Longo starter pack, wand and vacuum head.

U.S.SAWS DuraVac 221B is a lightweight and extremely durable industrial dust collection system. This industrial vacuum is equipped with tested and certified HEPA filters that trap the most dangerous to breath dust particles and prevents them from being released in the air. The Dura Vac not only exhausts perfectly clean air, it is far more efficient for the fast recovery of bulk dry dust, debris and other building materials found on every construction, abatement and restoration job site. The DuraVac 221B is OSHA certified dust collection system.
