CORE PRO HD-16 CORE DRILL WITH STAND

The Core Pro HD-16 hand-held core drill is a powerful, fast, and precise solution for drilling large holes in concrete and a variety of other tough materials. Engineered for heavy-duty performance, the Core Pro HD-16 is capable of coring holes up to an impressive 16" in diameter, making it an ideal choice for demanding applications. Whether you're working with concrete, brick, stone, or other masonry materials, this high-performance drill delivers consistent, accurate results with speed and efficiency. Designed for professionals who need reliability and durability on the job site, the Core Pro HD-16 offers both versatility and power in a compact, user-friendly form.

Features:

- Lightweight and portable
- Mechanical clutch protection
- Constant power, step-less speed regulation
- Safety clutch and overload protection
- Drill holes up to 16" with the hand-held unit
